ENHANCEMENT

Featuring state-of-the-art digital technology, the new Westone Shooter offers an affordable way to experience comprehensive electronic hearing protection.

Shooter earplugs are specifically designed to fit into any ear without the need for ear impressions. The Shooter allows for clear communication, as well as enhanced ambient awareness with three user-selectable amplification levels. When sounds at dangerous levels occur, the electronic circuit instantly suppresses the loud noise, protecting your hearing.

ADJUSTABLE DIGITAL AMPLIFICATION

Boosts low-level sounds for detecting game moving through leaves and undergrowth.

COMFORTABLE, LOW-PROFILE DESIGN

Universal-fit provides effective, low-profile comfort.

MAINTAIN SITUATIONAL AWARENESS

Blocks harmful noise (gun shots) while maintaining situational awareness.
