

The New Way to Hear Simple, Affordable, and Convenient

Convenient and effective alternative for **tested not treated patients**

Soundwave's AI-driven hearing aids with the otoTune® app allow consumers to customize the settings of their hearing aids in 3 minutes in the comfort of home

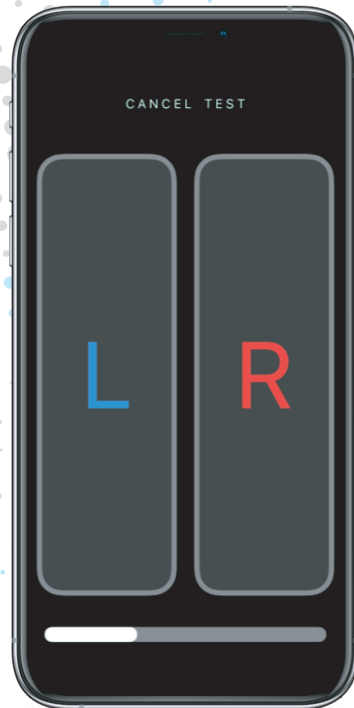

HEARING CUSTOMIZATION IN 3 MINUTES

The otoTune app uses a patented 2-button customization.

MADE FOR SMARTPHONES

The otoTune app works with the Sontro® OTC Hearing Aids and is available on both iOS® and Android™ mobile platforms.

STATE-OF-THE-ART MACHINE LEARNING

The otoTune app uses machine learning to intelligently identify where your patient's hearing can be improved the most.

CLINICALLY VERIFIED

Northwestern University Audiology

U.S. Patent Nos. 10,617,334, 11,076,779, 11,213,680
and additional patents pending.

It's Simple with Soundwave

45 day Money Back Guarantee, Free Shipping, Returns, and Support.
